

Bidford on Avon Church of England Primary School

Dear Parents

NEWSLETTER 16 – 8th January 2021

It has been a very busy and unusual start to the term and we would like to thank you all for your support during this very challenging first week. We are also amazed by how many of you have accessed our online sessions so far and how well the children have managed to engage and get use to the routine already.

Attached are the weekly timetables of live online learning sessions for next week. All learning tasks will be loaded into the Google Classroom folders for you to access and complete in between the live learning sessions. The packs that have also been collected from school, relate to some of the online learning session but are also there for families to access as and when needed when they cannot be part of the live sessions.

We will also be bringing back the book exchange so everyone can have access to books to read over the next six weeks. The book exchange will be weekly and attached is the timetable so you can see when you can come and swap your books.

As previously stated, we are very proud of all of you for accessing the sessions and the work, but we also want to reinforce the importance of not putting too much pressure on you and your family. This is a very challenging time for everybody and there will be days when you are able to access the work and days when you may need to use the opportunity of the lockdown to have quality family time and learn some life skills as well such as cooking, cleaning or just going for a refreshing country walk. We are of course keen to see everyone at as many live sessions as possible and please contact us if you need help accessing them.

Mr A Simms
