## Spellings

Look at the pictures below. Have a go at spelling the words by yourself.

Choose the correct word for the pictures below.

star stor

meen moon

snail snoal

boot boat

chell shell

chear chair

## Home Learning for Reception

### Writing

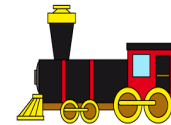

### Word/sentence writing

Draw and label pictures of some of the toys you have at home.

car

train

doll

OR

Draw a picture and write a description of your favourite toy. See the example below.

This is my teddy. He is big and soft. He is brown. He has a red bow. I like to cuddle him in bed. His name is Bobby.

## Reception Maths Home Learning - Size

Collect some sticks from outside. Can you put them in order from the shortest to the longest? Can you find something longer than the longest stick? Can you find something shorter than the shortest stick?

The link below is a game to play comparing sizes.

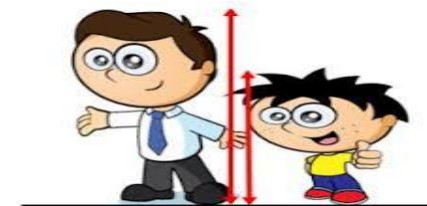

<https://www.topmarks.co.uk/early-years/lets-compare>

Find six of your favourite toy figures, e.g. a plastic doll, a superhero, a bear, a toy dog, a dinosaur and plastic troll, trying to make sure they are all different sizes. Stand them up and put them in order from the shortest to the tallest.

Ask a family member if you can measure how tall they are. Ask them to lie on the floor and measure them using objects. What do you think would work best? You could try DVDs or shoes of the same size. Ensure that whatever you use to measure them with, are the same size. Can you guess how long you think they are before you measure them e.g., 'I think Daddy will be 120 Duplo bricks long'.

Use some chalk to measure how tall you are on an outside wall. Ask other family members to measure how tall they are too. Who is the tallest? Who is the shortest?

Use items such as building bricks, lego, pasta tubes to measure some of your toys. How many bricks high are they?

Use playdoh to make different length snakes. How many pasta shells long is each one?
